

OUTPUT

A terminal window titled "Terminal" with a dark background and light text. The window has standard macOS window controls (zoom, search, menu, and close buttons) in the title bar. The output of a program is displayed, showing a sequence of prompts and user inputs. The program asks for the number of elements (5), then five values (8, 7, 6, 5, 4), and a search value (6). It then outputs the position of the search value (3). The program ends with a message indicating it exited with code 1 and prompts the user to press return to continue.

```
Terminal
Enter the number of elements:5
Enter value 1:8
Enter value 2:7
Enter value 3:6
Enter value 4:5
Enter value 5:4
Enter search value:6
Position of 6 = 3
-----
(program exited with code: 1)
Press return to continue
```
